

# JOB ROLE STATEMENT

## MANAGER NETWORK MANAGEMENT LEVEL 8

**DIRECTORATE** CENTRAL AND NORTHERN REGIONS  
**BRANCH** NETWORK MANAGEMENT **POSITION NO** P0063165

### KEY RESPONSIBILITIES

Manage the development, implementation and maintenance of Main Roads state-wide asset and network management strategies, systems and processes to facilitate the effective management, sustainability and optimisation of the service and value from the state's road network.

### KEY DELIVERIES

#### Strategic Asset Management

- Manage analysis of the state-wide asset condition to determine and recommend maintenance investment priorities and scenarios to inform investment decisions.
- Manage the development of asset preservation levels of service and intervention standards, life cycle cost models, deterioration models, asset valuation and plans to optimise the use of asset preservation funds.
- Manage Main Roads Asset Management System, in alignment with ISO 55001 framework.
- Manage the development, implementation and review of network management practice guidelines.

#### Route Planning and Development

- Lead development of route development and management plans for all routes in co-ordination with the Regions and other Directorates e.g. Network Operations, Heavy Vehicle Services and Planning and Technical Services.
- Lead assessment of route development options and formulate development strategies to provide longer term investment advice to Budget and Programming Branch to maintain the sustainability of the asset.
- Manage identification of state-wide gaps and deficiencies and the development of solutions and priorities to optimise the performance of the State road asset consistent with agreed levels of service, intervention standards, environmental and product standards.

#### Network Asset Performance

- Manage the development, maintenance and improvement of:
  - road performance measurement processes, tools, systems and indicators
  - project evaluation and prioritisation policy
- Responsible for implementation of asset and maintenance management data requirements (i.e. corporate MRWA systems) to identify key risks and enable informed decisions on asset and maintenance management priorities.
- Manage monitoring of network asset performance and trends, the preparation of road asset performance reports and the determination of asset needs.

#### Leadership and Management

- Contribute to formulation of Directorate direction, strategy and policy.
- Prepare and implement Branch Business Plan with Director Network Management.
- Manage human, financial, technology, physical and other resources within agreed allocations to meet agreed objectives.
- Manage employee behaviour, performance and development.

#### Stakeholder Relationship

- Build, enhance and maintain collaborative working relationships with other Directorates and Regions.
- Consult and negotiate with external stakeholders, including other Road Transport Authorities, Austroads, Local Government, interest groups and customers in the development of levels of service and intervention standards for asset preservation.
- Prepare advice for Government on preservation needs of State roads.
- Represent Main Roads on external committees and working parties.

### OCCUPATIONAL SAFETY, HEALTH AND WELLBEING (OSH&W)

Responsible for active participation and performance to OSH&W standards as detailed by the Main Roads' Safety, Health and Wellbeing (SH&W) Management System - refer to "SH&W Responsibility and Accountability Procedure" on 'iRoads' intranet.

### LOCATION

Main Roads is a regionalised organisation with key delivery centres operating from the Kimberley to the Great Southern regions, including the metropolitan area. The incumbent of this position may be required to undertake a role in a region for a period of time.

### DYNAMIC RESOURCING

The incumbent of the position may be required to perform any other role within the incumbent's level of skill, competence and responsibility as directed by the Managing Director of Main Roads to meet the organisation's objectives and the incumbent's development.
