Department of State Development

## Current Employment Opportunity

### Principal Policy Officer – SD140002

Level 7 - \$115,725 - \$124,033 pa + superannuation, PSGOGA  
East Perth – Permanent Position

The Department of State Development is a dynamic Government agency promoting responsible industry, resource and infrastructure development in Western Australia. The Department works with industry, communities and government agencies, and offers excellent career prospects in a supportive and challenging environment.

The Infrastructure and Major Projects Branch seeks a motivated and talented individual who can think clearly and deeply about the challenges for Western Australia's economic development and its place in the global economy. As a Principal Policy Officer, you will develop strategic advice and recommendations for government on economic infrastructure and major projects policy initiatives. Your advice will be clear and supported by your research and analysis and engagement with colleagues and other government and industry stakeholders.

Your responsibilities will reflect the branch's work program. Priorities include supporting the development and implementation of the Western Australian domestic gas policy, and analysing and advising on viability, infrastructure planning and access policy arrangements as they relate to major projects and infrastructure assets. You will support the department's engagement with state and federal economic infrastructure policy initiatives and programs. You will assume a leadership role in the branch and be experienced in managing policy projects and workflows. You will coach and mentor junior staff and build relationships with industry and government stakeholders.

The responsibilities and job requirements for this position are detailed in the Job Description Form. You will draw on experience in one or more of the following areas: public policy, economics, commercial or market analysis, State-wide or regional infrastructure planning and access, and industry or resources sector development.

Please provide a CV with contact details for two (2) referees and a covering letter of no more than four (4) pages outlining your skills and experience against the job requirements. You can contact Taron Brearley, General Manager Infrastructure and Major Projects on 08 9222 0480 with questions about the position or the branch's work program.

Appointments to subsequent similar vacancies arising within six (6) months from the endorsed recruitment decision may also be possible.
