Key Responsibilities

Conducts nursing research (under supervision) which is ethically and scientifically sound and which influences nursing practice in the ward/unit. Prepares and presents education related to nursing research.

Brief Summary of Duties

Practices in accordance with the Australian Nursing & Midwifery Council Professional Practice Framework, in particular the ANMC National Competency Standards for the Registered Nurse.

1. Acts as an advocate for research participants and families who are involved in the studies supervised by the principal research investigators.
2. Act as an expert resource on the respective studies to enable parents/guardians or children, or health professionals, to discuss any problems or concerns regarding participation in research studies and clinical trials.
3. Liaises with members of the multi-disciplinary team to resolve complex participant problems and evaluate their ongoing research participation.
4. Co-ordinates the daily activities of the studies – including recruitment, data collection, data base management.
5. Completes research documentation as per ICH-GCP (International Conference of Harmonisation Good Clinical Practice) guidelines.
6. Fosters the development of the multi-disciplinary team to provide expert research services.
7. Supervises and acts as a resource for clinical staff in the understanding of the team's research activities and the assessment of participant involvement in studies.
8. Accepts responsibility for own learning and professional development through ongoing education and performance review.
9. Participates in multi-disciplinary decision making and contributes to the achievement of research objectives.
10. Actively contributes to nursing research to promote evidence based practice and continuous quality improvement.
11. Accountable for the safe, efficient and effective use of resources.
12. Undertakes other duties as required.

13. CAHS Governance, Safety and Quality Requirements

- Takes reasonable care for own health and safety and that of others and participates in the maintenance of a safe work environment.
- Participates in the Child and Adolescent Health Service (CAHS) performance development review process.
- Supports the delivery of safe patient care and the consumers' experience ensuring services are family centred. This includes participation in continuous quality improvement activities in accordance with the requirements of the National Safety and Quality Health Service Standards and other recognised health standards.
- Completes mandatory training (including safety and quality training) as relevant to role.
- Performs duties in accordance with Government, WA Health, CAHS and Departmental / Program specific policies and procedures.
- Abides by and upholds the WA Health Code of Conduct, CAHS Vision, Mission and Values, Occupational Safety and Health legislation, the Disability Services Act and the Equal Opportunity Act.

14. Undertakes other duties as required.
