

JOB ROLE STATEMENT

DIRECTOR CONGESTION AND MOVEMENT STRATEGY LEVEL 9

DIRECTORATE
BRANCH

NETWORK OPERATIONS
CONGESTION AND MOVEMENT

POSITION NO P0070016

KEY RESPONSIBILITIES

Responsible for driving the elements of the Congestion and Movement Strategy through the functional areas of Network Performance, Traffic Management Services and the Congestion Program to deliver performance improvements which address congestion and the safe and sustainable mobility of people and freight.

KEY DELIVERIES

Movement Strategy and Delivery

- Lead the development of the program and secure the required investment in order to achieve Directorate performance targets.
- Responsible for designing and implementing congestion and movement program organisation and governance.
- Provide expert advice to the Executive Director related on world's 'best practice' in congestion and movement management.
- Lead the development of network performance intelligence to manage the efficient and safe movement of people and goods.
- Responsible for the operational optimisation of the State's 1000 traffic signals.
- Support other areas of Main Roads and local authorities in the development of high quality public spaces as alternative options to traffic signals.
- Lead operational strategies that reduce the number of people killed and seriously injured on Western Australian roads.
- Lead initiatives that strengthen safety improvements for vulnerable road users.
- Responsible for directing appropriate Congestion Program communications.

Leadership and Management

- Responsible for providing strategic leadership, expert advice and support to the Executive Director Network Operations (EDNO) for implementing functional capability improvements across the Directorate's branches.
- Responsible for promoting and demonstrating behaviours that align to Main Roads' values.
- Responsible for providing strategic leadership, expert advice and direction for Congestion and Movement related initiatives and the expected outcomes.
- Responsible for managing human, financial, technological, physical, and other resources in line with branch objectives, Main Roads' goals and objectives and government policy.

Stakeholder Relationships

- Responsible for developing and sustaining productive relationships and partnerships with a diverse range of internal and external stakeholders.
- Responsible for effectively communicating and influencing a broad range of stakeholders, understanding their needs and issues to achieve both Main Roads and community expectations.
- Responsible for leading Main Roads' day-to-day involvement with the Portfolio Congestion Management Working Group and positively influencing DoT, PTA, EDs and MDs for their contribution to the development of the Congestion policy and associated integrated plan.
- Responsible for representing Main Roads and building collaborative relationships with relevant industry groups, the Transport Portfolio, partner agencies (DFES, WAPOL, SJA), Local Government and the media.

SAFETY, HEALTH AND WELLBEING (SHW)

Responsible for active participation and performance to SHW standards as detailed by the Main Roads' Safety, Health and Wellbeing (SHW) Management System - refer to "SHW Roles and Responsibilities Procedure" on 'iRoads' intranet.

LOCATION

Main Roads is a regionalised organisation with key delivery centres operating from the Kimberley to the Great Southern regions, including the metropolitan area. The incumbent of this position may be required to undertake a role in a region for a period of time.

DYNAMIC RESOURCING

The incumbent of this position may be required to perform any other role within the incumbent's level of skill, competence and responsibility as directed by the Managing Director of Main Roads to meet the organisation's objectives and the incumbent's development.
