Context

The Connected Community School trial (the trial) is a four-year initiative that aims to connect students and families with greater wellbeing supports, as well as community, health and social services, to improve students' educational and wellbeing outcomes beyond the classroom. Each participating school will work with its community to create locally led, culturally safe and inclusive approaches to work towards addressing local needs with a range of initiatives, such as making services available on site to remove barriers to access. The trial also aims to strengthen ties within the community by developing partnerships and use of school facilities after hours with groups such as local sporting groups, community language groups and other community organisations.
