

RSA Standard and Breach Claims

The [Public Sector Standards in Human Resource Management](#) (the Standards) set out the minimum standards required of all Western Australian Public Sector bodies and employees. The Standards may be viewed at Office of the Public Sector Standards Commissioner's website www.opssc.wa.gov.au.

The Standards include a [Recruitment, Selection and Appointment Standard](#); [Transfer Standard](#); [Secondment Standard](#) and [Temporary Deployment \(Acting\) Standard](#).

The site provides information about the Standards covered by the breach claim process and how an aggrieved person can lodge a breach of Standard claim, as well as general information about how a claim can be managed.

The Review Guide provides information about what is a review and what the claimant may expect to occur if a review is undertaken.

If at any time you feel your application is not being dealt with fairly, you are encouraged to discuss your concerns with the Chair or nominated contacted person of the selection panel or contact the Human Resource Branch on (08) 9368 3338 or via recruitment@agric.wa.gov.au.
