Application guidelines

First impressions count

A well-written application is an important step towards convincing a selection panel you deserve to be considered further. Here are some simple guidelines to help you effectively plan your application:

1. Get in touch with the contact person

All advertised positions provide a contact name and phone number. We strongly recommend that you discuss the details of the vacancy with the contact person before making your written application.

2. Update your resume

Your resume should be as up-to-date as possible, with your most recent work history and other relevant information. It should also include two current work-related referees for the selection panel to contact.

3. Address the requested work related requirements and/or submit a covering letter outlining your suitability to the role (please check the advertisement to determine what has been requested).

The work related requirements (also called the selection criteria in the Job Description Form) are the skills, knowledge and experience you'll need to fill the position. By addressing the selection criteria with examples of your relevant experience will demonstrate to the panel your suitability for the position.

If the advertisement says only a covering letter is required, be sure that your letter includes details of all your relevant skills and experience related to the job.

Application checklist

When applying for a job with the PTA, please ensure you have the following:

- An active email account;
- A copy of your current resume;
- A written statement addressing the selection criteria OR a covering letter where requested; and
- Proof of any formal qualifications

After you've submitted your application

After the closing date, a selection panel will be convened and agree on a shortlist of the most competitive applicants. These applicants will be notified for further assessment or interview.

If shortlisted for further assessment, you may be asked to demonstrate your ability to meet all essential criteria and special requirements listed in the JDF.

The panel will then determine the most suitable and preferred applicant for the position and an email will be sent advising you of the outcome of the recruitment process. If you are not successful, you have the opportunity to seek feedback and may request a review of the selection process under the Public Sector Standards in Human Resource Management – Employment Standard.

For more information about the Standards, please visit the Public Sector Commission website at www.publicsector.wa.gov.au

We wish you success with your application!
