Network Administrator	Level 4	Generic	25 August 2017

CONTEXT

The Department of Education is Western Australia's largest public sector employer with approximately 45,000 staff or one third of the Government workforce in around 800 worksites.

We provide a system of public schools in which our aim is to ensure that every school is a good school, every teacher is effective and every student is successful.

The Department's other key responsibilities include:

- regulation of non-government schools in accordance with Part 4 of the School Education Act 1999
- administration of state funding to non-government schools
- higher education policy and planning
- legislative reviews
- providing Secretariat services to the Teacher Registration Board of Western Australia, the Training Accreditation Council and the School Curriculum and Standards Authority.

The principles underpinning the Department's operations in Western Australia are:

- working collaboratively to achieve outcomes
- accepting responsibility and accountability for the achievement of outcomes
- enabling flexible, innovative and diverse work practices
- promoting confidence in the professional judgement of the Department's staff.

All Department actions are guided by four core values: Learning, Excellence, Equity and Care.

Further context about the particular school or college in which the vacancy is being advertised is available on the Department's website. Please visit <http://www.det.wa.edu.au/schoolsonline/home.do> and enter the school or college name in the *Find a School* field.

TITLE Network Administrator	CLASSIFICATION Level 4	POSITION NO Generic	EFFECTIVE DATE 25 August 2017
---------------------------------------	----------------------------------	-------------------------------	---

ROLE

The Network Administrator:

- maintains the school network and provides network administration throughout the school, including user access, changing privileges and password maintenance
- ensures that software licensing and Information Technology (IT) copyright obligations and other regulations are protected and any breaches are reported and corrected
- administers risk management and contingency planning systems, including the performance of data security, system backup and disaster recovery
- provides advice on technical issues associated with the network administration
- liaises with the Department's IT Support to resolve hardware, software and network related issues
- provides input on system enhancements and implements new systems through research and identification of appropriate IT resources
- assists in the customisation and adaptation of existing programs to meet users' requirements, including installing and downloading software
- provides training to administration staff in facilities and applications, including personal tuition and self-help instructions
- liaises with administrative and technical staff to determine needs and network requirements
- checks systems in order to optimise performance and to initiate recovery action after system failures
- establishes and undertakes regular housekeeping procedures, including data backup and distribution and retention of data on various storage devices
- analyses IT problems and develops and implements solutions
- coordinates system updates including the replacement of outdated software versions.

TITLE	CLASSIFICATION	POSITION NO	EFFECTIVE DATE
Network Administrator	Level 4	Generic	25 August 2017

OUTCOMES

1. Effective and efficient administration and operation of the school network to maximise educational and administrative outcomes.
2. Network administration is provided within the school including email and web-based services and the addition and removal of users from the network.
3. Risk management strategies are implemented and maintained, including the administration and reporting of software licensing and IT copyright obligations and regulations.
4. Effective advice on technical issues associated with the administration of the network is provided to all users.
5. Consultation and liaison is undertaken with users to determine needs and facilitate access to network applications.
6. Working relationships are established with external software and hardware suppliers to assist in the effective resolution of any network administration issues.
7. Effective training is provided to users to support the implementation of IT that is consistent with the school or region plan.
8. Knowledge of appropriate hardware, software and other IT resources is maintained to effectively administer the network.

SELECTION CRITERIA

The following selection criteria are identified as being required to achieve the outcomes in the context of this position. Applicants will need to provide evidence of their capacity to transfer their knowledge and skills to achieving the outcomes of this position.

1. Demonstrated skills and experience in administering a computer network and facilitating access to applications.
2. Demonstrated knowledge of hardware, software and other information technology resources including software licensing and Information Technology copyright obligations and regulations.
3. Demonstrated organisational skills with the ability to work with limited supervision and prioritise duties in a demanding environment.
4. Demonstrated conceptual and analytical skills relevant to computer support.
5. Demonstrated well-developed verbal communication and interpersonal skills with the ability to consult and negotiate with users on issues relevant to network administration.
6. Demonstrated well-developed written communication skills with the ability to develop and implement user-training procedures.
