Key Responsibilities

Undertakes professional practice as a Senior Speech Pathologist in accordance to the Speech Pathology Australia Code of Ethics, the Speech Pathology Australia Scope of Practice, the FSFHG Allied Health Credentialing Policy and Procedure and SMHS policies and guidelines. As part of the inter-disciplinary team, provides an advanced level of speech pathology clinical practice in both direct care delivery and support to other staff in the specialty areas including Intensive Care, Coronary Care, Cardiothoracic and Burns and medical specialties including Respiratory, Cardiology and Oncology. The focus of the role is to provide advanced, high quality assessment, diagnosis and management of communication and swallowing disorders, and contribute to the profession through application of evidence based practice and policy. This role supports the Head of Department in providing supervision to staff in the unit/clinical area, including allocating clinical duties and in managing performance. Acts as a Speech Pathology clinical consultant/resource to Speech Pathologists and other health professionals in the areas of specialty. Plans, implements and evaluates patient safety and quality of care in the area/s of specialty.

Excellent health care, every time

Care ■ Integrity ■ Respect ■ Excellence ■ Teamwork

Brief Summary of Duties (in order of importance)

1. Clinical

- 1.1 Plans, implements and coordinates evidence based Speech Pathology services to patients/clients with communication and swallowing disorders within specialty area/s.
- 1.2 Provides Speech Pathology screening, assessment, treatment/intervention and evaluation at an advanced level of practice to complex and general caseload/s.
- 1.3 Undertakes clinical shifts at the direction of the Head of Department/Manager/Coordinator.
- 1.4 Actively prioritises and coordinates own caseload including participating in clinical review meetings and case conferences as appropriate.
- 1.5 Provides advanced Speech Pathology clinical consultation to Speech Pathologists, other health professionals and others in the area of clinical specialty.
- 1.6 Initiates, implements and participates in quality improvement and research activities in consultation with the Head of Department to systematically evaluate service delivery and meet customer needs.
- 1.7 Educates patients/carers in post discharge management and organises discharge summaries/referrals to other services, as appropriate.
- 1.8 Supports and liaises with patients, carers, colleagues, medical, nursing, allied health, support staff, external agencies and the private sector to provide coordinated multidisciplinary care.
- 1.9 Undertakes administrative tasks as required and ensures maintenance of appropriate clinical documentation and clinical information systems required of Speech Pathology staff under their supervision including own caseload.
- 1.10 Participates in departmental, service stream and other meetings as required to meet organisational and service objectives.
- 1.11 Participates in ongoing evaluation of clinical practice.
