

# Your future in Audit

*Our work matters...will yours?*

## Vision

Serving the public interest by an informed Parliament.

## Mission

To help improve public sector performance and accountability by reporting independently to Parliament.

## Role

The Auditor General audits the finances and activities of the Western Australian public sector for potential instances of wastage, inefficiency or ineffectiveness.

The Auditor General reports directly to Parliament and ultimately the people of Western Australia.

This independence and freedom from pressure, influence or interference is the cornerstone of public sector audit.
