EMHS Vision and Values

Our Vision

***Healthy people, amazing care.
Koorda moort, moorditj kwabadak.***

Healthy people refers to the commitment we have as an organisation to ensure our staff, patients and the wider community have access to comprehensive healthcare services, in order to maintain healthy lives.

Amazing care reflects the sentiment of those consumers accessing our healthcare services from feedback provided to us. This common statement resonates with the health service, and reflects our intentions in our practice and work every day.

As a health service which celebrates diversity of culture and languages, it is also important that our vision is shared in the Noongar language.

Our Values

Our Values reflect the qualities that we demonstrate to each other and our community every day. Our staff make a difference every day to the patients, families and consumers they provide care, advice and support to. The EMHS values capture the shared responsibility that we uphold as most important, which are:

- **Kindness** – kindness is represented in the support that we give to one another. This is how we demonstrate genuine care and compassion to each and every person.
- **Excellence** – excellence is the result of always striving to do better. This is represented by constant improvements to the way in which we deliver our services, which results in a high performing health service.
- **Respect** – we demonstrate respect through our actions and behaviours. By showing each other respect, in turn we earn respect.
- **Integrity** – integrity is doing the right thing, knowing it is what we do when people aren't looking that is a true reflection of who we are.
- **Collaboration** – collaboration represents working together in partnership to achieve sustainable health care outcomes for our community with a shared understanding of our priorities.
- **Accountability** – together we have a shared responsibility for ensuring the best health care outcomes for our community. This is a reminder that it is not only our actions, but also the actions we do not do, for which we are accountable.

Royal Perth Hospital staff share a strong sense of pride in the longstanding principles of Servio, Latin for 'to serve' which adorns our historic crest. The principles of this statement, adopted in 1937 bear testimony to the longstanding tradition of excellence in service that we strive to perpetuate into the future.

Brief Summary of Duties (in order of importance)

1. Clinical

- 1.1. Provides comprehensive evidence based nursing care and individual case management to a specific group of patients/clients including assessment, intervention and evaluation.
- 1.2. Undertakes clinical shifts at the direction of senior staff and the Nursing Director including participation on the on-call/afterhours/weekend roster if required.
- 1.3. Responsible and accountable for patient safety and quality of care through planning, coordinating, performing, facilitating, and evaluating the delivery of patient care relating to a particular group of patients, clients or staff in the practice setting.
- 1.4. Monitors, reviews and reports upon the standard of nursing practice to ensure that colleagues are working within the scope of nursing practice, following appropriate clinical pathways, policies, procedures and adopting a risk management approach in patient care delivery.
- 1.5. Promotes patient flow and department and unit goals and standards.
- 1.6. Provides sound working knowledge of post anaesthesia care including airway management, pain management, systems assessment and associated pathophysiology.
- 1.7. Supports and liaises with patients, carers, colleagues, medical, nursing, allied health, support staff, external agencies and the private sector to provide coordinated multidisciplinary care.
- 1.8. Completes clinical documentation and undertakes other administrative/management tasks as required.
- 1.9. Participates in departmental and other meetings as required to meet organisational and service objectives.
