## CONTEXT

The Department of Education is Western Australia's largest public sector employer with approximately 45,000 staff or one third of the Government workforce in around 800 worksites.

We provide a system of public schools in which our aim is to ensure that every school is a good school, every teacher is effective and every student is successful.

The Department's other key responsibilities include:

- regulation of non-government schools in accordance with Part 4 of the School Education Act 1999
- administration of state funding to non-government schools
- higher education policy and planning
- legislative reviews
- providing Secretariat services to the Teacher Registration Board of Western Australia, the Training Accreditation Council and the School Curriculum and Standards Authority.

The principles underpinning the Department's operations in Western Australia are:

- working collaboratively to achieve outcomes
- accepting responsibility and accountability for the achievement of outcomes
- enabling flexible, innovative and diverse work practices
- promoting confidence in the professional judgement of the Department's staff.

All Department actions are guided by four core values: Learning, Excellence, Equity and Care.

## **ROLE**

The Network Support Officer:

- maintains the school's Information Technology network to maximise both educational and administrative outcomes, within the Departmental asset management and security regulatory framework
- provides advice to administration staff on technical issues associated with the network system
- provides input on system enhancements and implements new systems through research and identification of appropriate Information Technology resources
- provides technical support and training to all users throughout the school, including desktop and software application and access to systems and resources
- works within the framework and understandings established by the Learning with Information and Communication Technologies (ICT)
- ensures the integrity of educational and administrative data through the implementation and maintenance of data security strategies
- liaises with the Department's ICT Support to resolve hardware, software and network related issues
- participates in a range of support networks

## **OUTCOMES**

1. Information Technology resources and networks are maintained effectively and efficiently to maximise educational and administrative outcomes.
2. Information Technology assets are maintained in accordance with Departmental asset management and security policies and procedures.
3. Data security strategies are implemented and maintained to ensure the integrity of data stored on the worksite's networks.
4. Information Technology resources are identified and researched to support system enhancements and the implementation of new systems.
5. User liaison is undertaken to support access to network applications and relevant advice on the operation of the Information Technology networks is provided.
6. Effective training is provided to users to support the implementation of Information Technology consistent with the school's ICT plan.
