

JOB ROLE STATEMENT

MAINTENANCE MANAGER LEVEL 6

DIRECTORATE CENTRAL AND NORTHERN REGIONS
BRANCH PILBARA

CATEGORY 1
POSITION NO P0063271

KEY RESPONSIBILITIES

Plan and manage the delivery of the Routine and Periodic Maintenance Programs within approved funding allocations.

KEY DELIVERIES

Maintenance Planning and Delivery

- Plan and manage delivery of the approved Routine and Periodic Maintenance Programs in accordance with Construction and Maintenance standards and within available funds.
- Manage maintenance resources including subcontractors to deliver maintenance works and programs.
- Report on delivery of the maintenance works program to internal and external stakeholders.
- Manage systematic inspection of the network, optimal treatment selection, scheduling and timely rectification of defects to achieve best value-for-money and whole-of-life outcomes for the asset.
- Develop and implement maintenance management plans and ensure that they are understood and followed by the maintenance team and subcontractors.
- Manage the implementation and use of the Maintenance Management Information System (MMIS) to accurately monitor data quality and accuracy and predict network condition and performance.
- Provide specialist advice on maintenance processes and procedures.
- Collaborate with Network Manager and provide specialist advice for the development and preparation of the Routine and Periodic Maintenance Programs and Ten Year Network Delivery Plan.
- Manage responses to incident management in accordance with Incident Management procedures and plans.

Project and Contract Management

- Manage the development and delivery of Routine and Periodic maintenance works using Project Management Principles and in accordance with Project Management Office (PMO) requirements.
- Manage Routine and Periodic maintenance contracts using Main Roads' processes and the Contract Management System (CMS).

Safety, Health and Wellbeing (SHW)

- Ensure all maintenance works are undertaken in accordance with the Region's Safety, Health and Wellbeing (SHW) Management Plan, including establishment of Safety Work Methods Statements (SWMS) and Job Hazard Assessments (JHA).
- Ensure development, implementation and review of SHW plans for all Routine and Periodic maintenance works.

Leadership and Management

- Contribute to organisational improvement and the creation of a team culture that encourages active communication and participation at all levels.
- Manage financial, technological, physical and other resources within agreed allocations to meet agreed outcomes.
- Manage employee behaviour, performance and development.

Stakeholder Relationships

- Ensure consultation with stakeholders in the planning and delivery of maintenance activities.
- Represent Main Roads and the Regional Manager on external committees and working parties.

SAFETY, HEALTH AND WELLBEING (SHW)

Responsible for active participation and performance to SHW standards as detailed by the Main Roads' Safety, Health and Wellbeing (SHW) Management System - refer to "SHW Roles and Responsibilities Procedure" on 'iRoads' intranet.

LOCATION

Main Roads is a regionalised organisation with key delivery centres operating from the Kimberley to the Great Southern regions, including the metropolitan area. The incumbent of this position may be required to undertake a role in a region for a period of time.

DYNAMIC RESOURCING

The incumbent of the position may be required to perform any other role within the incumbent's level of skill, competence and responsibility as directed by the Managing Director of Main Roads to meet the organisation's objectives and the incumbent's development.
