

ABOUT THE DEPARTMENT

The Department of Jobs, Tourism, Science and Innovation (JTSI) is Western Australia's lead agency for economic development, international trade and investment, and tourism. It also leads the promotion and development of the defence, international education, science, and innovation sectors in Western Australia.

Tourism WA is a State Government statutory authority and part of the broader economic development portfolio of JTSI.

Tourism WA is responsible for promoting Western Australia as an extraordinary holiday destination. Its focus is on marketing the State; developing, attracting and promoting major sporting, cultural and business events; and supporting the development of significant tourism infrastructure and projects.

Marketing

We are responsible for delivering innovative marketing campaigns to raise local, national and international awareness of WA's extraordinary destinations and experiences. Tourism WA's marketing is critical for building awareness of Western Australia's diverse tourism offering and driving holiday bookings into, and around, the State. Our marketing strategy focuses on brand communications, event marketing, cooperative marketing with key airlines and distribution partners, trade education, public relations, and major business event promotion in conjunction with the Perth Convention Bureau. All programs are measured using a variety of evaluation techniques in order to further target high-yield visitors, creating a positive and robust flow-on effect for the local tourism economy.

Through our marketing divisions we are responsible for the following:

- Domestic Marketing
- International Marketing
- Partnerships
- Aviation
- Familiarizations
- Brand and Campaigns
- Public Relations
- Digital Marketing

Events

Tourism WA also aims to develop, sponsor and promote a diverse range of sporting, arts, cultural and culinary events across the State that highlight Western Australia as a great place to live, work and visit.

Events are critical to tourism as they provide a time-specific reason for people to visit, and therefore drive visitation to the State. They also provide valuable media exposure in key domestic and international markets and create brand awareness opportunities for Western Australia. In addition, they utilise venue infrastructure, add social vibrancy and encourage community participation.

Tourism WA actively bids for major international events which will attract significant numbers of international and interstate visitors, have a positive economic impact for Western Australia, and showcase the State.

Destination Development

We also focus on the supply side issues in WA tourism by working across government and industry to determine the needs of destinations in terms of access, accommodation, attractions and amenities. We seek to facilitate the filling of gaps through private and public investment. Some of our focus areas include:

- Cruise shipping – capitalising on the growth of the cruise sector through the Western Australian Cruise Shipping Strategic Plan 2012-2020, which is being delivered in partnership with the Cruise WA Committee and industry.
- Aboriginal tourism – helping to grow Aboriginal tourism in the State by working with the Western Australian Indigenous Tourism Operators Council and indigenous communities.
- Food and wine tourism – establishing WA as one of the world’s foremost culinary tourism destinations by working with other agencies and industry to implement the Taste 2020 - A strategy for food and wine tourism in Western Australia.
- Tourism infrastructure - supporting major infrastructure projects throughout WA which help to grow tourism. This includes delivering the Federal Government’s Tourism Demand Driver Infrastructure Program.
- Tourism policies and regulations - ensuring the State’s policies and regulations support tourism investment.
