

ABOUT US

We are a team of forestry professionals engaged in the industry from the seed to the end-product. We work with community, industry and government to create a vibrant forestry industry. We will create an environment of innovation, ensuring that our forests are a strategic and sustainable resource for the future.

POSITION DETAILS

Position title: Senior Project Manager

Level: 8

Position number: FPC3147240 and FPC3147241

Division: New Business and Innovation

Branch: Project Management Office

Award/Agreement: GOSAC Award / Public Sector CSA Agreement

Location: Perth or Bunbury

REPORTING RELATIONSHIPS

This position reports to: Director New Business and Innovation

Number of positions supervised: N/A

ROLE SCOPE

The FPC will be transitioning to a new business model as part of major changes in its operating environment, including the West Australian Government's changes to native forest policy and commitment to a new investment in softwood plantations over the next decade.

The Senior Project Manager will perform a key role in the planning and future development of our plantation industry to ensure a sustainable supply of timber for our state. The Project Manager works closely with executive and performs a critical role in liaison with key stakeholders such as landowners, the timber industry, local government councils and the WA Planning Commission. The position will ensure internal accountabilities around governance and reporting, including key relationships with WA Treasury and our Board and sub-committees.

DUTIES AND RESPONSIBILITIES

Program Planning and Land Acquisition

- The Senior Project Manager provides senior project expertise as part of a high-functioning project group. Most specifically, the role will assist with the planning and implementation required to expand the FPC pine plantation business, including land acquisition.
- Leads the development, implementation and management of comprehensive program and project management planning, frameworks and policies to achieve strategic and organisational business priorities and objectives.
- Manages strategic frameworks and processes for effective assessment and evaluation of strategies, programs and projects, against strategic financial and risk management objectives and standards.

- Develops and manages comprehensive compliance, risk management, quality assurance and governance strategies and processes for project and program management.
- Manages and coordinates agency wide communication strategies to promote standards, processes and resources.
- Ensures strategies proposed and implemented, are compliant with corporate and project governance frameworks and relevant legislation.
- Reviews and evaluates the impact of emerging strategy and recommended changes.

Project Management

- Plans, establishes and manages the development of project plans, resource plans and budgets for the implementation of projects.
- Identifies and develops business cases at conceptual, feasibility and final approval phases and oversees business case inputs from technical specialists.
- Leads, manages and mentors multidisciplinary, inter-agency and multi-tasked project teams and promotes synergy in the achievement of project deliverables.

Strategic Stakeholder Engagement

- Develops strong and collegiate strategic networks and relationships with key external stakeholders and agencies to facilitate benchmarking, innovation and best practice.
- In consultation with stakeholders, identifies, investigates, analyses and proposes strategies to resolve issues identified planning and implementation.
- Provides an advisory and consultancy service to internal and external project and program boards and managers.
- Provide high level advice to senior management on the development, implementation and evaluation of Priority Initiatives, programs and projects in line with relevant legislation.

SELECTION CRITERIA

Applicants will be assessed on their capacity to meet the following criteria in the context and scope of the position.

Essential

1. University qualification and/or equivalent experience in a similar role.
2. Extensive experience in driving the achievement of project outcomes and successfully leading a team.
3. Training and accreditation in contemporary project management methodologies and extensive experience using these methodologies to direct large-scale projects.
4. Extensive experience in providing leadership and management of strategic programs, projects and initiatives in line with legislation, including contract management and financial risk management.
5. High level interpersonal communication skills demonstrating the ability to engage and influence a broad range of stakeholders at a strategic level.

Desirable

1. Knowledge of strategic directions and trends in a land acquisition context.

OUR VALUES

Our values underpin everything we do. Each of us striving to be our best and treating each other well, this is what we stand for at the FPC. The ability to demonstrate how you will apply our values is important to us.
