Key Responsibilities

Provides and promotes high quality and patient centred care to Cardiology inpatients and outpatients under the supervision of consultant medical staff. Works in accordance with the Hospital’s core values of Commitment, Accountability, Respect and Excellence (CARE). Provides training, supervision and education for Registrars, Resident Medical Officers (RMOs) and Interns. In collaboration with the interdisciplinary team, works to achieve National, State and South Metropolitan Health Service (SMHS) performance standards and the National Safety and Quality Healthcare Standards.

Brief Summary of Duties (in order of importance)

Fellowship in Interventional Cardiology;

1. Specific duties relevant to Specialty (Positions may include one of more of the following)

1.1 Interventional Cardiology: To participate in the Interventional cardiology program at FSH with direct procedural involvement in diagnostic coronary angiography and therapeutic coronary interventions under the guidance of FSH Interventional Cardiologists. Participation in pre-procedural work-up and evaluation, post-procedural follow-up and out-of-hours rosters.

2. Clinical

2.1 Undertakes clinical shifts and on call duties as directed by the Head of Specialty and/or Co-Directors/Director of Clinical Services.

2.2 Oversees the care of inpatients and outpatients including clinical evaluation, formulating a differential diagnosis, arranging appropriate investigations and referrals, and instituting a documented management plan in conjunction with the supervising consultant.

2.3 Reviews inpatients daily and at the request of medical staff, nursing staff, patients or families. Keeps the supervising consultant informed of any patient whose condition is not improving, or who is causing concern. Requests assistance from consultants when necessary.

2.4 Supervises, supports, mentors and teaches Registrars, RMOs, Interns and medical students at all times. Actively intervenes to reduce delays in patient investigation, management, transfer or discharge.

2.5 Where appropriate, assists consultants to undertake operative and other procedures. Performs procedures and/or diagnostic interventions within their scope of practice as agreed with the supervising consultant for the patient. Responds to consult requests from other specialties within 24 hours.

2.6 Promotes patient engagement in their care through clear communication with patients/families (at their level of understanding) regarding their condition, options for treatment and progress. Agrees the management plan with the patient/family. Promotes healthy lifestyle choices and preventative health care.

2.7 Communicates with the interdisciplinary team and attends interdisciplinary team meetings to ensure coordinated timely care.

2.8 Facilitates emergency and elective admissions for patients. This includes assisting consultant staff to ensure there are adequate beds available for new admissions; facilitating discharges before 10am and when rostered to be in the hospital for emergency admissions, being available to review patients in the emergency department within 30 minutes of request or when the patient arrives on the ward.

2.9 Ensures that the medical record (including discharge summaries) is accurately updated daily and that all medical diagnoses, comorbidities, procedures and complications are clearly listed.

2.10 Participates in departmental and other meetings as required to meet organisational and service objectives.

2.11 Participates in the organisation of Interventional meetings, case presentation, data collection and audit.

3. Education/Training/Research

3.1 Participates and engages in continuing professional development and educational activities.

3.2 Undertakes to publish and present research, data and cases to medical journals and meetings.

3.3 Prepares case presentations for grand rounds, hospital and departmental meetings, clinical reviews and other relevant activities as required.

- 3.4 Participates in the education and training of medical students, Interns, RMOs, Registrars and other members of the interdisciplinary team through ward rounds, formal presentations, tutorials and other modalities.
- 3.5 Completes mandatory training activities to ensure compliance with South Metropolitan Health Service policy.
- 3.6 Completes an end-of-term professional development review of their performance with the Head of Specialty and required training reviews with their Supervisor of Training.

4. SMHS Governance, Safety and Quality Requirements

- 4.1 Ensures, as far as practicable, the provision of a safe working environment in consultation with staff under their supervision.
- 4.2 Participates in an annual performance development review and undertakes performance development review of staff under their supervision.
- 4.3 Supports the delivery of safe patient care and the consumers' experience including identifying, facilitating and participating in continuous safety and quality improvement activities, and ensuring services and practices align with the requirements of the National Safety and Quality Health Service Standards and other recognised health standards.
- 4.4 Completes mandatory training (including safety and quality training) as relevant to role.
- 4.5 Performs duties in accordance with Government, WA Health, South Metropolitan Health Service and Departmental / Program specific policies and procedures.
- 4.6 Abides by the WA Health Code of Conduct, Occupational Safety and Health legislation, the Disability Services Act and the Equal Opportunity Act.

5. Undertakes other duties as directed.
