

Engineering Associate Cadetships

The Engineering Associate Cadetship program at Main Roads is designed to provide **TAFE students** studying **civil engineering** with tuition fee support, paid study, career opportunities with Main Roads.

Start Your Career with Main Roads!

Our goal is to help you grow. As a leader, as a thinker and as a valued member of our team, who has a direct impact on WA local communities.

We are looking for enthusiastic and invested students who are keen to live, work and contribute towards providing safe, reliable roads, bridges and paths within Western Australia.

In return Main Roads will provide valuable development opportunities and financial support:

- **Tuition Fee Support**
Compulsory tuition fees paid at the beginning of each semester
- **Paid Study**
Fortnightly Sustenance Allowance

Your Commitment

To be eligible for a Cadetship, you will have completed or currently studying a Diploma in civil engineering and are committed to studying your Advanced Diploma of Civil and Structural Engineering or Civil Construction Design from an approved Western Australian TAFE in 2025.

Program Benefits

- Get paid while you study!
- Stable and sustainable income throughout the course of your Advanced Diploma studies with guaranteed placement on our Engineering Associate Program upon the successful completion of your Advanced Diploma

Your Future at Main Roads

Your professional career begins with you joining our Engineering Associate Program once your studies are complete. The three-year rotational program offers structured rotations including an option of a 12-month regional rotation at any of our seven regional locations or a 12 month rotation in our Material Engineering Branch.

- Build working relationships with industry professionals through hands-on practical experience
- Opportunity to work state-wide and gain invaluable experience working in the regions
- Work for a company with an established Work/Life culture, active social club and commitment to constantly improve and expand diversity programs

- Create professional and personal connections
- Varied career opportunities: see where the possibilities take you

Interested in Joining Us?

To be eligible to apply for our Engineering Associate Cadetship, you must:

- be an Australian Citizen or Permanent Resident
- have completed (or currently completing) a Diploma of Civil & Structural Engineering or Civil Construction Design
- WA Drivers Licence
- have a positive attitude to learning and be willing to work in various locations

We are committed to achieving a diverse workforce and strongly encourage Aboriginal and Torres Strait Islander people to apply.

We're working for Western Australia.
