

WORK HEALTH SAFETY AND WELLBEING

Statement of Commitment

Our commitment to our workers' safety is unwavering. We recognise that the safety, health and wellness of our workers is fundamental to the delivery of high quality healthcare services.

Work Health Safety and Wellbeing is embedded in our values

COMMUNITY

We are invested in maintaining the health and wellbeing of our workers and consult with them on work health safety matters.

COMPASSION

We care about our workers just like they care deeply about their patients. We foster an environment that is inclusive, respectful and considerate.

QUALITY

We champion an agile learning culture that supports the delivery of contemporary, evidence-based work health safety programs.

INTEGRITY

We expect workers at all levels to prioritise work health safety. We are responsive and reliable when workers raise work health safety issues.

EQUITY

We aim to understand the individual needs and experiences of workers and ensure the environment they work in is supportive and responsive.

CURIOSITY

We embrace new and innovative ways to proactively reduce the risk of harm to our workers. We foster an environment where workers at all levels can, and should, have their suggestions heard.
