This position reports to:

000230	Supervising Medical Imaging Technologist	Level P3
--------	--	----------

Positions under direct supervision:

Nil.

Primary Purpose of the Role

Provide Medical Imaging services to the Cardiovascular Invasive Labs at an advanced level of practice.

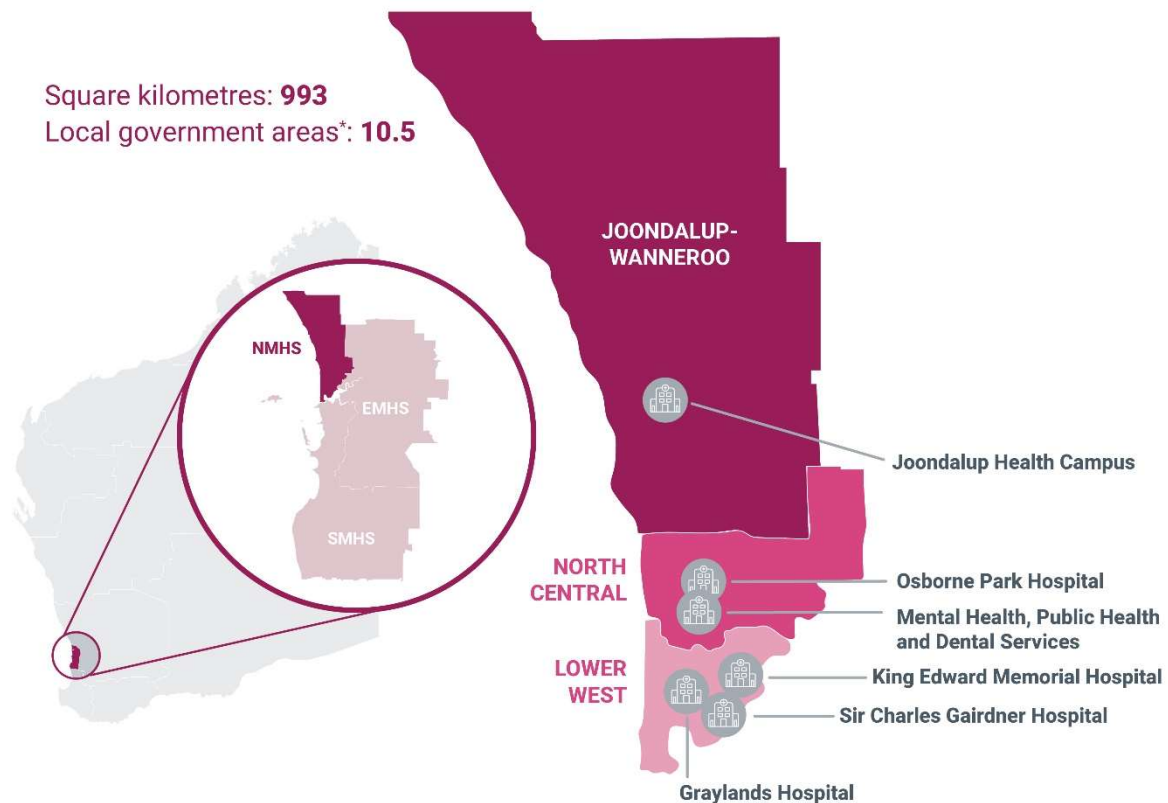

Vision

A trusted partner, delivering excellent health care for our people and our communities.

Mission

To promote and improve the health of our people and our communities.

North Metropolitan Health Service

Since our establishment in 2016, NMHS has embraced best practice to deliver improved clinical outcomes in the face of rising challenges for all healthcare providers. With a budget of \$2.16 billion and 8,917 full-time equivalent (FTE) staff, we serve a population of 736,907 people (about 28% of Western Australia's total population) within a catchment area of almost 1,000 square kilometres. The population we serve is projected to increase by 17% between 2021 and 2031, and the number aged 65 years and older will increase by 41% over the same period. NMHS provides a comprehensive range of adult specialist medical, surgical, mental health and obstetric services in WA, delivered across three tertiary hospitals and two secondary hospitals, all fully accredited. NMHS oversees the provision of contracted public health care from Joondalup Health Campus operated under a public-private partnership. A range of statewide, highly specialised multidisciplinary services is offered from several NMHS hospital and clinic sites.

Our values

Care

We show empathy, kindness and compassion to all.

Respect

We are inclusive of others and treat everyone with courtesy and dignity.

Innovation

We strive for excellence and are courageous when exploring possibilities for our future.

Teamwork

We work together as one team in a spirit of trust and cooperation.

Integrity

We are honest and accountable and deliver as promised.

Please refer to [NMHS Values – Organisational/Individual Behaviours](#) for information on individual behaviours that reflect the organisation's values.

Our strategic priorities

We are focussing on six strategic priorities for the 2020-2025 period:

Enabling healthy communities

We build healthy and engaged communities

People-centred care

We will place our consumers' and their carers' best interests and experience at the core of all we do

Integration and connection

We will build strong connections and partnerships

Innovation and adaptive models of care

We will use research and technology to improve outcomes

Trusted, engaged and capable people

We will invest in our people and our culture

Sustainable and reliable

We will reduce harm, waste and unwarranted variation

Key Accountabilities

1. Role Specific Responsibilities

- 1.1 Interprets Cardiology and Vascular requests and performs advanced specialised procedures in accordance with the Radiation Safety Act, North Metropolitan Health Department and SCGH Hospital policies and any other appropriate legislation.
- 1.2 Ensures image quality and scope of examination is sufficient to provide diagnostic information for clinical requirements.
