### Officers under *direct* responsibility

<b>Position Title</b> Regional Fire Operations Officer	<b>Level/Grade</b> Level 4	<b>Approx. no. FTEs supervised</b> Nil
---	-------------------------------	---

## About the Role

Under the minimal direction of (Level 6) or reporting to (Level 7) the Regional Manager:

Responsible for the co-ordination of the fire management program and activities within the region; including fire management planning, (prescribed fire and bushfire suppression), works programming, work standards and performance, liaison (including Traditional Owner engagement), environmental management, health and safety, and financial accountability

*Individuals undertake their duties and responsibilities in accordance with the department's [Code of Conduct](#), policies and procedures, and relevant Government legislation.*

<b>Position Title</b> Regional Leader Fire Management		
<b>Position No.</b> DBCA3095263	<b>Level</b> Level 6 or 7	<b>Effective Date</b> 26 February 2025

## Responsibilities

Under the minimal direction of (Level 6) or reporting to (Level 7) the Regional Manager:

### PLANNING AND LIAISON (40%)

1. Liaises, works and negotiates with other departmental staff, other agencies, local government, Traditional Owners, interest groups, local bushfire brigades, the general public and other stakeholders to ensure effective communications and management of fire within the region consistent with departmental responsibilities, missions and goals.
2. Liaises with district and regional program leaders and specialist staff to coordinate and implement fire management operations and to ensure the effective delivery of fire management and incident management within the region in accordance with agreed protocols.
3. Coordinates and is responsible for fire management planning, including the regional fire management plan, prescribed burn plans, incident response plans and interagency agreements.
4. Contributes to the regional team by identifying, developing and resolving issues affecting fire management. Ensures that fire management is delivered in an integrated manner with the other core responsibilities of the region.
5. Contributes to the development of guidelines, standards and policy relating to joint management, traditional owner engagement and Aboriginal employment in the Kimberley Region.
6. Liaises and communicates with the general public, local authorities, neighbours, government agencies, special interest groups and other stakeholder with respect to fire management in the region. Represents the department at a regional level at external meetings.
7. Promotes effective public relations and communications relating to departmental objectives and strategies to traditional owners, key stakeholders, the community and the media. At Level 7 handles complex issues with ease and communicates them in easily understood terms.

### OPERATIONS AND TRAINING (40%)

8. Develops the regional fire management works program including priority setting, resourcing and the establishment and monitoring of appropriate work standards in cooperation with regional program leaders.
9. Ensures the region has in place prioritised and efficient prescribed burning and fire suppression procedures and uses the incident control system to manage and administer emergency operations.
10. Provides a mentoring role and identifies fire management and incident response training and safety needs for staff across the region. Implements training programs and maintains records.
11. Ensures all fire management operations are carried out safely and efficiently.
12. Coordinates and ensures the fire detection system and all fire equipment are operational and functioning to standards set by the department.
13. Participates in fire management activities that contribute to bushfire suppression and prescribed burning operations commensurate with capability, capacity, training and level of experience.
14. Organises and leads fire investigations and ensures all required fire incident reporting arrangements for the region are coordinated and implemented.

### POLICY (10%)

15. Ensures all works are planned and implemented in accordance with the *Conservation and Land Management Act 1984*, the *Biodiversity Conservation Act 2016*, the *Bush Fires Act 1954* and other relevant legislation and regulations, policy statements, relevant circulars, and management plans. Ensures fire management in the region is compatible with departmental biodiversity conservation responsibilities and priorities.
16. Participates in the development of policy and management guidelines.

### FINANCE/ADMINISTRATION (5%)

17. Coordinates and collates estimates for the region's fire management budget. Liaises with other senior regional and specialist staff to ensure cost effective and appropriate fire management.
18. Monitors expenditure and unit costs for all fire management related activities and assists managers in the implementation of cost benefit analysis.

### GENERAL (5%)

19. Ensures that Fire Management Services branch data systems are updated for recording and mapping bushfires and prescribed burns.
20. Prepares reports, briefing papers and recommendations as required. At Level 7 responses are comprehensive, complex, concise and easily understood.
21. Participates in emergency incident rosters and responses which may be related to bushfires, search and rescue, or wildlife, as appropriate, and as directed by the Regional Manager.
22. Carries out other duties as directed by the Regional Manager.
